Training In Your Office, At Your Convenience

Tired of traveling through rush hour traffic to get to your training center? Tired of paying travel expenses for your employees for training? Tired of the same old non-productive training classes? Or are you just tired of the same old training?

The Instructor Comes To You!

If you have answered yes to any of the above questions, then you need to give us a call. Future Environment Designs is now providing **Training At Your Convenience**.

Training At Your Convenience means Future Environment Designs will come to you. We can perform the training in your office. We provide the television, video cassette player, and overhead. You provide the seating and the blank wall. We do the rest. We can do this training

Know Where Your Workers Are During Training

for any of the classes in our training service manual, especially refresher classes in the following titles:

- Asbestos Project Designer
- Asbestos Project Monitor
- Asbestos Air Sampling Technician
- Asbestos Handler
- Asbestos Operations & Maintenance
- Asbestos Inspector
- Asbestos Management Planner
- OSHA HAZWOPER
- Mold Remediation Worker/Manager

Training In Your Office!

Different Training Months No Problem, Combine Them

All we need is 4 or more people, and we can send the trainer to your office to provide you the training onsite. Even if your worker's training dates are in different months, we could show you how to combine them, allowing you to take advantage of this service.

So give Future Environment Designs a call and let us provide you with an estimate for **Training At Your Convenience**. All we need is a list of your workers, the class you need, and size of the training room. We provide the rest; paperwork, overheads, videos, and manuals (including our white folder of current events and our newsletter).

So what are you waiting for? Call us and start saving time and money!
